0300 - Wirehanger

Description

A one piece load assisted steel anchor ideally suited for suspended ceilings fixed to concrete.

Advantages

- All steel anchor
- Load assisted
- Quick and easy installation
- Zinc coated

Typical applications

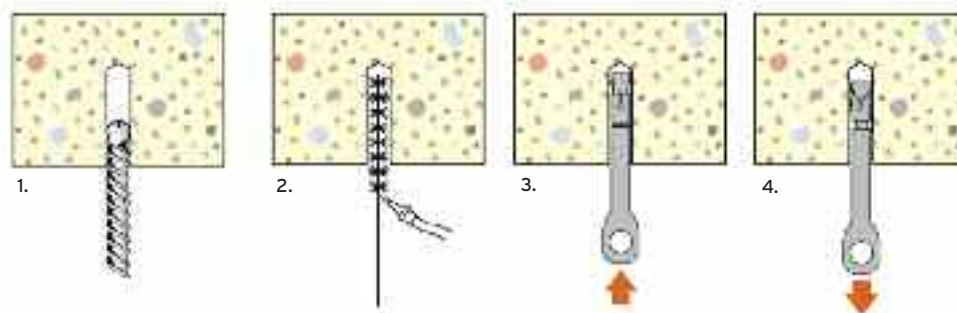

- Suspended ceilings
- Temporary lighting

Wirehanger Zinc Plated

VJT Code	Description	Drill-Ø (mm)	Eye Hole Diameter	Min. Drill Depth (mm)	Box Qty
03000010	Wirehanger 6mm	6	6	55	100

Installation Procedure

1. Drill correct size hole to recommended depth.
2. Clean hole by brushing & blowing.
3. Position anchor in hole, tap in until it can go no further.
4. Expand anchor with the claw of a claw hammer. Or attach wire to eye and pull to set.
