

1<sup>st</sup> June 2026

Attn. Purchasing Department

Ref.: New Price List effective 1<sup>st</sup> September 2026

Dear Customer

We are writing to inform you of an upcoming adjustment to our pricing. Due to the ongoing geopolitical situation and the resulting increases in operational and supply chain costs, we will be implementing a 5% price increase across our entire product range. There may also be some other incremental increases on bought in items that have incurred higher rises.

This will be for orders placed on or after 1<sup>st</sup> September 2026 and ensures that we can continue to maintain the quality, reliability, and service standards you expect from us.

We remain committed to supporting you and are available to discuss any questions you may have.

Thank you for your understanding and continued partnership.

Yours faithfully

Richard Bowhay

Sales Manager
